Profile

Passionate, determined and results-oriented programmer. My experience in customer service and working under pressure allows me to remain calm and deliver quality solutions. I stand out for my resilience and eagerness to overcome challenges with innovation and efficiency. If you're looking for someone committed to programming, with teamwork and organizational skills, here I am, ready to contribute to the team.

Education

Bootcamp Full Stack JavaScript   01/2024 – 03/2024
Fundación Esplai, Barcelona

Higher Technician in Web Application Development   09/2021 – 06/2023
Instituto Milà i Fontanals, Igualada

- Design, construction, and maintenance of professional web applications, with knowledge in programming languages, databases, interface design, and web security. Skilled in developing interactive, user-friendly, and secure web applications, and equipped to face challenges in the field of web technology.

Bachelor's degree in Digital Interaction and Computing Techniques   09/2018 – 02/2021
University of Lleida, Lleida

Work Experience

Web Application Development   03/2023 – Currently
Optima Retail, Vilassar de Mar

- Worked on two projects, one backend and one frontend, primarily using Laravel and other technologies. We developed a web application dedicated to the maintenance of physical stores, facilitating the resolution of both minor and major issues.

Factory worker   06/2023 – 09/2023
MB Papeles Especiales, La Pobla de Claramunt

Front End Developer   07/2022 – 02/2023
Trilogi – The eCommerce Agency, Igualada

- As a Customer Service Representative, I provided effective solutions to customer issues using my programming skills, especially in the front-end environment.
Worker   11/2021 – 06/2022
Buger King Spain, Igualada

Delivery man   04/2021 – 10/2021
Klam Restauració S.L., Igualada
